## **International Youth Exchange "Skaters for Europe" Mon 05 - Sun 11 October 2009 in Berlin**

### **With financial funding by the European Union.**

Participants must be from 13 to 25 years old and be resident in Germany / France / Bulgaria / Netherlands.

### **Objectives and contents of the youth exchange**

The youth exchange will bring together young people from different European countries, to build and strengthen tolerance, respect and sense of solidarity by common cultural, social, sportive and technical activities. For many of the participants, this will probably be the first opportunity to live and work together with other young people from diverse parts of Europe for one week.

Berlin is one of the European cities where history, culture and politics of Europe can be felt and understood in many places of the city. Berlin offers various opportunities for political and historic education (Reichstag, embassies, museums, synagogue). Berlin is also a place where multicultural coexistence is part of everyday life - a model for Europe which will benefit the participants throughout their lives. Furthermore, within the framework of "Skaters for Europe" we offer precise information about European citizenship and about opportunities to get involved with European Voluntary Service.

Sports will be another focus of our youth exchange. We will be doing sports (skating) together and visit the German Masterships Inline Halfpipe, there will be seminars and discussions about sports related topics, and by working together building up sports equipment, the young people can gain experience and learn new skills, without feeling like being in school. The same is probably true for language skills, which will develop of their own volition in an international project.

### **About the organizer**

Skate Association Germany e.V. is a beneficial non-profit organization. Since 2004, we have been organizing trainings, workshops and competitions like the German Masterships Inline Halfpipe. Sports is a way to offer new perspectives especially for young people with problems and disadvantages in school, financially or in their social abilities. Sports can help these young people to develop their potential and to build up self-esteem and a positive long-term personal development. The contact with young people from other countries also offers the opportunity to remove national thinking and to develop a European consciousness as a citizen of the European Union.

### **Costs, funding and compulsory attendance**

Our youth exchange has been granted financial fundings by the EU in the framework of "Youth for Europe". This offers young people the opportunity to take part in the youth exchange free of charge. In return, every participant has to obligate, to take part in all events each day of the youth exchange. Minors will also have to bring a declaration of consent (permission) signed by their parents.

Due to the limited number of participants (there will be small groups of 4 - 8 persons for each country) we kindly ask for early registration or inquiry. If you are interested in the youth exchange, please contact a member of our staff who will be glad to answer your questions. A detailed schedule and information material will be handed out in time before the event.

The collected data will be treated confidentially. It will only be used in matters related to the youth exchange.

Yours sincerely  
Ingo Steinke  
1. Vorsitzender (President)

## Registration (Application)

**for the international youth exchange "Skaters for Europe"  
Mon 05 - Sun 11 October 2009 in Berlin**

**with financial funding by the European Union**

I hereby register to take part in the international youth exchange.
